Congratulations Juanita Attaway!

Juanita Attaway is one of two recipients of the 2019 Horizon Air Women in Aviation Scholarship. She drew on her retirement savings to attend aircraft dispatching school. In her new career, she met two African American pilots who encouraged her to start her flight training. Juanita is currently studying for her Private Pilot's License. Juanita is pictured with Scott Day, Alaska Airlines Managing Director Chief Pilot (left) and Olivier Goudreau, Horizon Air Base Chief Pilot.

American Airlines Tour

We visited American Airlines on February 2, 2019. The Chapter received a tour of the Flight Training Facility, The Integrated Operations Center (IOC), and the C.R. Smith Museum. The Flight Training Facility is where both pilots train in simulators and flight attendants practice their water ditching evacuation. The IOC is where dispatch is located. They do both flight planning and flight following for domestic and international flights. Three of AAs finest females gave us the tour, which was exciting! Thank you to Lynnette Bascom for organizing this for us!
