

The Squawk

By: Peggy Guardiola

Cavanaugh Flight Museum

The Dallas Chapter had their monthly meeting June 8, 2019 at the Cavanaugh Flight Museum in Addison at 10:00am. Following the meeting the group enjoyed a one hour tour of the museum by David Serpas. David showed the group a full scale flying Sopwith Camel replica, constructed as it was originally with wood and fabric solely. The Sopwith Camel shot down more aircraft than any fighter in WWI, but it was so difficult to fly that it lost more men to training than combat. The highlight of the tour was the behind the scenes close-up of the B-25J Mitchell. The "How 'Boot That!>" is the most original, flying B25 anywhere in the world and completed more than 80 combat missions mostly in Italy and Austria. See more pictures of the tour on our Facebook page.

**Welcome
New
Members!**

Congratulations Laurie Adams Peake!

Laurie passed her Commercial Multi-Engine check ride on June 4, 2019 in a Diamond DA42 at KAFW. Her Instructor, 99s Member Lora Lewis, said she did a great job absorbing so much training in a new plane in a very short amount of time. Laurie is currently working on her MEI and will have her check ride towards the end of June. Good Luck Laurie!

Pictured is (L) Lora Lewis and (R) Laurie Adams Peake.

Congratulations New Officers!

Congratulations to our newly installed officers for the 2019-2020 year! Chairman - Kaylee Jeffries, Vice-Chairman - Lynnette Bascom, Treasurer - Holly Barr, and Secretary - Susan Doyle.

We wanted to send Laurie Peake off with a big heartfelt thank you! She did such a wonderful job the past few years. We also welcome Kaylee Jeffries and can't wait to see what you have in store for the group!

Pictured left is Kaylee Jeffries.

We will be looking for someone to help take over the newsletter after the September. Peggy is expecting a little bundle of joy in December and will have her hands full! The newsletter is sent out quarterly: March, June, September, December. If you are interested, please reach out to Peggy or Kaylee to let them know.

Compass Rose Painting at KTRL

The Dallas and Dogwood Chapters worked side by side to complete a compass rose at Terrell Municipal Airport (KTRL), during the weekend of April 26-28, 2019. The three days were broken up into tasks. We chalked the lines on day one. This only took about half the day. On day two, we taped lines and started painting the white sections, only to notice that we had the wrong paint! Thankfully, Janny was able to get the problem resolved shortly after lunch. The group stayed a little late, but was able to stay on schedule for the last day. On day three, the group painted the blue sections and did touch ups on the white sections. They were under a time crunch as a storm was rolling into the area.

Each day we enjoyed lunch at the British Flying School Training Museum. Bill Huthmacher was a huge help in making sure we had everything we needed. He is a board member for the museum. You can check out the museum website at www.btfsmuseum.org.

The group did get to pose for a picture with the Stearman kept at the British Flying School Training Museum. It was recently donated and Bill is currently looking for a pilot to fly it for them in airshows. If you are interested, you can reach out to Bill directly through the website.

Janny Strickland is our Airmarking Chair and who took on the lead role for our project. A big thank you to Janny and everyone who came out to help!

New Member Janie Gomez

Janie is a 29 year old single mom of two amazing children and has been flying since 2015. She is currently working on her Instrument Rating. She is a Licensed Irrigator, Massage Therapist, and a huge volunteer at her children's school. She attended the Women in Aviation Conference this year in Long Beach and met lots of incredible women. One of those being a 99, who brought her into this organization. Her ultimate goal is to become a cargo pilot. Janie is so excited to meet everyone and get involved with the chapter!

New Member Bree Black

Bree graduated from UT Dallas, majoring in Visual Arts. She starting flight school at ATP inn June 2018. Bree loves to travel and her big life goal is to visit a new country for every year she's been alive. She was a Girl Scout from 1st-12th grade. She rode horses and used to volunteer at Girl Scout Camp teaching young girls how to ride. She is also a Certified Scuba Diver! Bree got the flying bug from her dad, who is a 777 Captain at American. Bree is pictured with a NASA jet in KSJT. The pilot was female!
